

Office Anywhere! From Your Local Cloud Experts

Work from anywhere on any device with Microsoft Office 365. With a full suite of business software on the cloud, Office 365 is the go-to solution for supporting your mobile workforce. Moving to Office 365 with PlanetMagpie gives you one partner handling setup, migration, and ongoing support.

Office 365 Features

The Office 365 platform is a subscription-based business cloud, including:

Exchange Online
The gold standard for business email

OneDrive for Business
Cloud-based file storage & sharing

Microsoft Teams
Team chats & calls with video + Skype for Business Online (secure IM, voice over IP calls, online meetings)

SharePoint Online
Collaboration, document management, and workflows from anywhere

The Microsoft Office Suite
Included! Outlook, Word, Excel, PowerPoint, Skype, the works

You can run Office 365 entirely cloud-based or as a hybrid offering that includes an on-premise server at your office or in PlanetMagpie's datacenter.

Advantages of Office 365 Support from PlanetMagpie

Fast Migrations

We use third-party tools and our own expertise to migrate existing user accounts quickly.

Focus on Cybersecurity

Cybercriminals frequently target Office 365 accounts. We protect them with cloud backups, email filtering, and post-deployment administrative access restrictions.

Microsoft Cloud Experts

We've been a Microsoft Gold Partner since 2006. We hold three Gold Competencies, two of which are in the Microsoft Cloud.

PlanetMagpie is located in the San Francisco Bay Area and Dallas/Fort Worth, and serves businesses across the United States.

PlanetMagpie Deploys, Secures, and Supports Office 365

Fast, Expert Deployments

- Setup & Configuration of your Office 365 Tenant (including licensing)
- Migration to Office 365 for Existing Users
- Software Deployments on All Company Devices
- Email Setup/Transition (if needed)
- SharePoint Setup/Configuration
- Skype for Business/Teams Setup & Deployment

Protect Your Data in the Office 365 Cloud

- Cloud Backups: Separate offsite backups protect your data in emergencies.
- Cybersecurity Protection: Malware-infected emails are the #1 path for cyberattacks. Our add-ons and training prevent those emails from finding their targets.

Ongoing Support

- We maintain your Office 365 tenant, setup and remove users, and support your users in case problems arise.
